

KCTA LADIES CLINIC

Join KCTA in supporting our local junior tennis community

KCTA is a non-profit organization that strives to promote tennis interest and provide support to the youth in our community. Our focus since 2018 has been on enabling all students to access the proven physical, social and academic benefits earned by participating in after-school sports. Every year hundreds of young people were being denied this opportunity because their families could not afford the necessary equipment. Through your support of KCTA, we have been empowered to eliminate this barrier by providing hundreds of hours of instruction from local pros, thousands of racquets, shoes, and items of athletic wear to our local student athletes in need of help.
